A Hot House Recipe

Take one nice gentle stove any brand or capacity, shake well before taking, remove the lid or open the door and place a little paper crumpled on the bottom. Add a little handful of splinters and then a couple of lumps of our Quality Coal, properly put "On Top" and you are all set, for the touch off. So drop a match, lighted, among the leaves. Don't stir. Sit still and watch it warm up. It's easy to make a hot house, if you use our Quality Coals.

How Mr. Davis Got Rid of a Bad Cough.

"Some time ago I had a very bad cough," writes Lewis T. Davis, Blackwater, Del. "My brother McCabe Davis gave me a small bottle of Chamberlain's Cough Remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtained anywhere.—Adv.

Help Keep Them Clean.

It is an old custom in Bohemian bakeries to wipe the boots of visitors as they enter. There is a good deal of wiping these days; for the government and city officials inspect the bakeries at very frequent intervals in order to see that the regulations regarding the amount of flour used in bread are carried out.—Popular Science Monthly.

MANY PEOPLE DON'T KNOW

A sluggish liver can cause a person an awful lot of misery. Spells of dizziness, headaches, constipation and biliousness are sure signs that your liver needs help. Take Dr. King's New Life Pills and see how they help tone up the whole system. Fine for the stomach, too. Aids digestion. Purifies the blood and clears the complexion. Only 25c. at your Druggist.—Adv.

'GIRL FROM OKLAHOMA'

Following is a synopsis of the play to be given by high school students:

Lady Violet Beauchamp has as her house guests at Withercomb Wood, Derbyshire, her cousin, Sir Blakesley Beresford, who is a bankrupt baronet; Miss Ethel Osborne, a wealthy young Englishwoman; Geoffrey Carlyl, Mr. Archie Winthrop, a civil engineer from America; Miss Pricilla Peabody of Boston, and her niece, Miss Robin Weatherford, from Oklahoma. Miss Peabody wishes her niece to marry a title in order that she may move in the best society. Lady Violet advises her cousin to marry Miss Weatherford because she is very wealthy.

Howling Hank, Robins' father, arrives and frightens every one on the estate with his wild and woolly western ways. Blakesley objects to making the daughter of such a man his wife. But he receives a letter from Solomon, the money-lender, which makes him decide to "overlook" the fact that Miss Weatherford is "a Yankee."

Robin loves Winthrop, whom she has known in Oklahoma, so she declines the honor of the baronet's hand. But Lady Violet tells her that Winthrop is going to marry Miss Osborne, and "they are always together."

Determined to show the deceiver that she doesn't care, she accepts the Englishman. The schemes of the match makers are working perfectly when Hank receives a cablegram from his agent, stating that he is bankrupt. When Blakesley hears of this he asks for his release. When Winthrop hears of this he asks Robin to marry him. He has not done so before only because he is too proud to marry a woman richer than himself. Thus Robin gets the man she loves and they return to Oklahoma.

Do You Find Fault With Everybody?

An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J.
